LANDIS WILL PROBE OLEO FUNDS

Judge Declares Taft Advisers Erred In Compromising With Oleo Company

TELLS JURY TO IGNORE SETTLEMENT OF CASE

Secretary of Treasury McVeigh Figures In So-Called Compromise Made

CHICAGO, March 17.—The open declaration that the Taft administration erred when it effected a settlement with oleomargarine manufacturers, was made by Judge Landis today in instructing the grand jury investigating the alleged oleo frauds. He told the jurors to not only investigate the charges that the manufacturer had defrauded the government, but also to find whether certain government officials are concerned in the alleged conspiracy. He then instructed the jury to ignore the settlement.

Concluding his instruction to the grand jury, Judge Landis said: "You will inquire whether the attorneys, agents or representatives of the companies or the federal officers conspired to defraud the government. You will have the full power of the court behind you. If necessary, witnesses may be summoned from any part of the country."

Judge Landis had formerly called a special session of the grand jury to probe the charges, but Secretary of the Treasury McVeigh approved a compromise whereby the government was paid \$101,000. The jury was empaneled anyway. Judge Landis today reviewed the circumstances, adding:

"On March 4, the commissioner of internal revenue, with the approval of the secretary of the treasury, accepted the so-called compromise. Thereupon I directed Federal District Attorney W. A. Rorer to ascertain the terms of settlement. He reported that \$1,000 had been paid, in full settlement of all liabilities, both civil and criminal."

Says Dissolution of Merger Plan Must Begin Again Because of Its Disfavor

NEW YORK, March 17.—Responsibility for the failure of the recent plans for dissolution of the merger of the Southern Pacific and Union Pacific was placed on the California railroad commission today by Judge Lovett, chairman of the board of directors of the Union Pacific.

"The refusal of the California body to approve certain leases made it useless to present our plans to the circuit court at St. Louis Saturday," Judge Lovett said.

He admitted the attorney was working on new plans, saying: "We must start afresh on the dissolution plans, hoping to evolve one that complies with the supreme court decision. When finished we will submit it to Attorney General McReynolds and the circuit judges."

MORE COLD WEATHER FOR THE EAST IS PREDICTION
WASHINGTON, March 17.—Low temperatures for the season will prevail the greater part of the coming week over much of the country east of the Rocky mountains, with frost Monday and Tuesday in the Southern states, except the central and southern and southern portion of Florida.

Cannon Ends 38 Years Service In Washington

WASHINGTON, March 17.—After thirty-eight years consecutive service in Congress, Joseph G. Cannon leaves Washington tonight without ceremony. "My word will be adieu, not goodbye," the former speaker declared today. "I may come back, you know." He said he is going to remain in politics as a citizen. He said:

"I am leaving Washington with few regrets but many friends. I do not intend to embark in business, but will attend to my private affairs, visiting Washington occasionally. My folks had made plans for a trip around the world in November."

When asked if he really would go abroad, Cannon declared: "Hell, no. I'm going to Danville."

Scores of personal friends called on Cannon today to say informal goodbyes.

ALBANY, N. Y., March 17.—The official appraisal of the estate of Edward H. Harriman, the railroad magnate, which will be made public today by State Comptroller Schaner, places the value of the estate at \$70,000,000 in round figures.

Old O. K. Mines at Dale, Cal., Re-worked by Schwab Interests
SAN BERNARDINO, March 17.—The Schwab interests controlling the United Greenwater Mining company are developing the old O. K. group at Dale, on the desert in this county, on an extravagant scale, and the old mining camp is booming. A new stamp mill of 100 tons capacity daily will be completed in April. A day and night shift of fifty men, with the aid of four 100-ton cyanide tanks, are working out the old dump.

16 Passenger Trains Stalled By Snow, Are Released
DENVER, March 17.—Sixteen passenger trains that had been stalled by snow between Brush and Akron, Colo., were released today. Mountain railway service is resuming its normal condition following the recent storms.

MURDER SUSPECT ARRESTED BY SHERIFF

Prisoner Declares He Is Not Man Sought and Insists on Another Name

CRIME COMMITTED HERE 2 YEARS AGO

Until Identification is Fixed Satisfactorily Accused Will Be Held

A Mexican is being held in the county jail under suspicion of being the murderer of Marcos Guerra, who was killed in Santa Ana about two years ago. The prisoner insists that his name is Justo Jaramillo, and denies all knowledge of the crime, but the sheriff's office has received information to the effect that his true name is Benigno Arellano.

The prisoner was taken into custody at No. 15 1/2 Commercial street, Los Angeles, last night. He declared that since the murder he has never been more than 100 miles from the scene of the crime, and has made repeated visits to Santa Ana, and that he is not the man sought. He was captured by Detectives McNamara and Cohen and Deputy Sheriff Law.

It appears that Benigno Arellano is known to have killed Guerra, and the question now is: Is Jaramillo in reality Arellano?

Benigno resided at Talbert, Jaramillo declares he never resided in Talbert, and his son, a youth of about 19 years, corroborates his claim. He admits, however, having resided at Garden Grove for a week at Buena Park for a "long time," and having for about two years past made his home at Oxnard.

The authorities have had several persons call at the county jail and view the prisoner, and some of them, it is said, are inclined to believe that he is the much-missing and much-wanted Benigno Arellano.

"We are not satisfied with this man's story and we will hold him until we have proven whether he is the man we want or not. Our information that led to his arrest in Los Angeles is trustworthy."

ORANGE COUNTY BOY WON NEW HONORS

Took Three Firsts In Stanford-U. S. C. Track Meet and Ran In Relay for U. S. C.

LOS ANGELES, March 17.—That Fred Kelly of Orange county, Olympic prize winner, and all-around athlete, is one of the leading athletes of the world was made more than ever conclusive by his magnificent work in the big Stanford-U. S. C. track meet, won by U. S. C. last Saturday, on Bonaire field, Los Angeles.

Kelly won three firsts for U. S. C., taking the shot-put from Bedeuzer and Clement in a throw of 41 feet, 5 1/2 inches; the 220-yard hurdles from Murray and Laird, in 25 seconds; and the 120-yard hurdles in 15 seconds. Besides this he ran in the mile relay for his college, losing by only two yards to the redoubtable Robb of Stanford. His honors shine as the greatest ever held in Southern California. Of the victories of the Orange county man the Los Angeles Times, calling him the "Great Kelly," says:

"There is no doubt now but that Fred Kelly is one of the most splendid athletes in the world. In the 120 high hurdles, three watches caught him in 14 4/5s., and in the other two showed 15 flat. This mark of fifteen flat equals the world's record. He won the shot put with three heaves, then dashed in first in the 220 hurdles, beating the famous Whitted and Murray, of Stanford, with yards to spare in 25s. flat, which is faster than has ever been made on the U. S. C. track. All hail to Kelly. He is a wonderful athlete, and Dean Cornwell is his coach."

WHITE SLAVERY LAW FOR MEN ELOPERS

Caminetti and Diggs Face Federal Prosecution for Fleeing With Society Girls

WARRANTS FOR WIFE DETENTION ALSO SWORN TO

Men Shrink Under Results of Acts; Senator Caminetti Burdened by Son's Conduct

SAN FRANCISCO, March 17.—Federal District Attorney McNab made the flat declaration today that he will prosecute Maury Diggs and Drew Caminetti on the charges of violation of the Mann white slave act. He said warrants would be sworn out today.

Diggs and Caminetti eloped from Sacramento recently with Marsha Warrington and Lola Norris, society girls. Both men are married.

WIFE DESERTION WARRANTS ARE ALSO SWORN OUT
SACRAMENTO, March 17.—New warrants were sworn out today charging Drew Caminetti and Maury Diggs with wife desertion. District Attorney Wachorst held a telephone conversation with Federal District Attorney McNab of San Francisco today, later announcing that the men will be prosecuted in the federal courts under the Mann white slave law.

According to reports Diggs and Caminetti for the first time today realized that their escapade was more than a prank. It is reported both turned pale when told of the decision to prosecute. There will probably be no action against the girls.

Senator Caminetti appeared in the senate today for the first time since the news of the elopement. When asked if the report is true that he is the president's choice for collector of the port of San Francisco he turned to the newspapermen and said: "Boys, you know I have always been glad to talk. I am here today under a heavy burden and I am sure you will ask no further questions."

OBSESSED BY FEAR WOMAN THREW SELF FROM HIGH WINDOW

SAN FRANCISCO, March 17.—Beset by the obsession that things were seeking her life, Mrs. A. Howard, aged 45, tried to cut her throat with a razor, then leaped from a third-story window of the Sherman hotel. She was picked up in a dying condition with almost every bone broken.

PORT SURVEY COMPLETED

SAN JOSE, Cal., March 17.—Cursory survey of port San Jose was finished recently and the preparation of the big map of the city of San Jose together with the annexation strip will be commenced at once. The surveying has required several weeks of labor by the city engineer's staff. The boundary lines are all now ascertained, the windings of Gaudalupde slough traversed, and all of the data secured.

BIG LEVEE BREAKS AND FLOODS MACON

ATLANTA, Ga., March 17.—Macon, Augusta, Columbus, Albany and other Georgia cities are being partly flooded as a result of heavy rains which have caused the Savannah, Ocmulgee, Chattahoochee and Flint rivers to leave their banks. Macon and Augusta so far are the principal sufferers.

At Macon yesterday a big levee broke and a portion of the city on the Ocmulgee was flooded by the turbid waters. William Wilson, an employee of the Interstate Chemical company, was drowned as he was telephoning his sister that the flood was threatening the plant. Many families have been driven from their homes and the property loss is heavy.

A section of Columbus located on the Chattahoochee has been flooded but no loss of life is reported. Taft Watches Flood Scenes
Augusta is suffering greatly from the swollen Savannah river, which has left its banks. The water has invaded many sections of the city and many families have been forced to leave their homes. Ex-President Taft, who is taking a vacation at Augusta, spent a part of the day viewing the devastation wrought by the flood.

Railroad Damaged
The railroads of the state have been damaged greatly. They fear numerous washouts, which have tied up traffic and resulted in wrecks. The Southern railway is unable to operate trains over its tracks between Atlanta and Macon and is sending its passenger trains over the tracks of the Central of Georgia.

2 MEN ARRESTED ON SUSPICION OF ROBBING NEWPORT BEACH BANK

Captured in Los Angeles Dive; Brought To Santa Ana County Jail to Await Further Developments

Two men are being held in the county jail here on suspicion of having participated in the robbery of the Newport Beach Bank, which took place at night about a year and a half ago, the robbers taking about \$2000. The attack on the bank created considerable of a sensation in the beach district at the time, because of the unusual nature of the event and the shooting of one of the four men implicated in the crime.

Ever since the robbery the officers of Orange county have been kept informed as much as possible in regard to possible clues that might lead to the eventual capture of the desperadoes. Recently Sheriff Ruduck received information that led him to believe that at least two of the men were in Los Angeles, and Saturday last Under Sheriff Law visited the Southern Metropolis for the purpose of ferreting out the latest clue.

Accompanied by Detective Rico of Los Angeles, Deputy Law located the two suspects in a dive about midnight Saturday night. They were taken into custody and yesterday brought to this city.

At the county jail the suspects gave their names as H. Carlisle and Harry Blue. The former was disposed to be communicative but his companion refused to talk about the Newport Beach affair or anything else. The officers declare that Carlisle seems to be familiar with incidents connected with the robbery, and that he has demonstrated an intimate knowledge of it that few men possess.

Deputy Sheriff Jake Sanders, of Balboa, took a look at the prisoners Sunday afternoon, and he is inclined to believe that Blue is one of the quartette of robbers. A young man named Hewitt, who is being held for alleged complicity in the purloining of a boat at Newport Beach, and who saw the four robbers at the time of their visit to the bank, also saw the two men yesterday, and he positively identified Blue as one of them.

At the time of the crime, one of the robbers named Bill Davis, was shot in the leg, and died in the county jail. No clue to the other men has ever been secured that amounted to anything tangible.

CONGRESS EXTRA MEXICAN REBELS CALLED FOR AGAIN MEET APRIL 7 DEFEAT

Tariff Revision and Currency Reform Topics—McCombs Offered Paris Post at Nuevo Laredo Near U. S. Border

WASHINGTON, March 17.—President Wilson has issued a proclamation for a special session of Congress on April 7. The call does not specifically limit the session to tariff revision, consideration, thereby leaving it open for any urgent matter. It is believed that currency reform will also be discussed.

SENATE CONFIRMS WILSON'S APPOINTMENTS EXCEPT NEILL
WASHINGTON, March 17.—The Senate has confirmed all of President Wilson's appointments except Charles T. Neill as commissioner of labor. The southern congressmen are bitterly opposing Neill.

Session Closed Sine Die
The special session of congress closed at 2:03 o'clock today when the senate adjourned sine die.

MCCOMBS MAY NOW BE OFFERED POST IN FRANCE
NEW YORK, March 17.—Generally credited rumors are that William McCombs, chairman of the national democratic committee, will accept the ambassadorship to France. The London post was recently offered him, it being reported that McCombs refused to accept. It is not officially confirmed that the Paris post has been offered him, but the reports originated from apparently authentic sources.

RIOTERS ATTACK SUFFRAGETTES IN HYDE PARK MEET

LONDON, March 17.—The suffragettes who again attempted to hold a Sunday afternoon meeting in Hyde Park, were mobbed yesterday by a crowd of 10,000 persons. They were pelted with clubs, oranges and other missiles and when the police were escorting them from the scene, the rioters tore off the hats and cloaks of the women and even struck some of them in the face.

The trouble began when "General" Mrs. Flora Drummond mounted a wagon and began to speak to the great assemblage, which was largely made up of youths, who had armed themselves with ammunition of various descriptions, or with trumpets, mouth organs and bells. Her appearance at the front of the platform was the signal for an outburst of deafening noise and a bombardment of missiles. She had hardly uttered a word when a cloud of turf struck her on the mouth.

In "Burglars at Brighton," the farce which Herman Reuter is getting ready to put on at the Grand Opera House, the part of Richard Diggle will be played by Clare Buchanan.

LOW PAY OF WOMEN IS ISSUE

Leading Women Place Bald Facts Before State Senate as to Starvation Pay

THOUSANDS OF WOMEN PAID LESS THAN \$6 WEEK

Show Conditions in Los Angeles and San Francisco and Demand Immediate Action

SACRAMENTO, March 17.—Headed by Miss Elizabeth Gerberding of San Francisco and Mrs. Charles Farwell Edson of Los Angeles, a delegation of prominent women appeared today before the senate committee appointed to probe women's wages and demanded immediate action. They declared that 1072 women in San Francisco and 1132 women in Los Angeles are earning less than \$6 weekly. Mrs. Edson said that many in the laundries and department stores in Los Angeles are paid only \$4 weekly. Senator Brown of Los Angeles endorsed the demand for immediate action.

Mrs. Edson declared that the industrial home in Los Angeles found it impossible to supply girls with the plainest room and board for less than \$4.50 weekly. She said the investigation showed that the only clothes many Los Angeles girls have were given them.

Miss Gerberding said the wages in stores and factories were set by girls who live at home. She said she has been asked repeatedly to go to the department stores at the hours of closing to observe the character of men loitering there.

BANK GUARANTY LAW HELD TO BE VALID

Supreme Court Reaffirms Its Decision; Newspaper Publication Law in Obedience

WASHINGTON, March 17.—The supreme court today reaffirmed its ruling in the Oklahoma bank guaranty law case, declaring the guarantee to bank depositors constitutional.

ENFORCING OF NEWSPAPER PUBLICATION LAW IS HALTED
WASHINGTON, March 17.—The supreme court today granted an injunction restraining the enforcement of the newspaper publicity law. Newspaper publishers sought the order pending the court's final decision as to the law's constitutionality.

BULGARS CAPTURE TURKISH REDOUBT

SOFIA, March 17.—A dispatch from Demotika received here says the Bulgarians captured a redoubt to the eastward of Aklan, close to Tchatalja. The Turks tried to recapture the place but were repulsed and left 300 dead on the field. Prisoners taken in the action say the Turks have lost all hope of success.

ADRIANOPLE has been fiercely bombarded for three days. The guns of the northern fort of Araratkeut have been silenced.

BUYING MUCH COAL LAND
PITTSBURGH, March 17.—A tract of coal land in Washington and Green counties has been purchased by the Midland Steel company from Josiah V. Thompson of Uniontown, Pa., for \$1,750,000, an average of \$800 an acre.

SANTA ANA BUT FOUR

Palefaces Treated Royally by
Their Red Brethren Before
and After Game

The score—Indians 7, Santa Ana
High 4.

This is the official score of the baseball game played between the Sherman Indians of Arlington and the Cardinals of Santa Ana high school last Saturday on the Indian field. The margin of defeat looks big, but several times Santa Ana had the bases full and in trying to steal home they were called out on very close decisions, so close that from the bleachers they looked safe. This was done four times, causing Santa Ana to lose four runs, enough to beat the game.

Both teams were batting strong. The Cardinals were doing some of the best batting they have done this year, against an Indian pitcher that had the stuff behind the ball. Both Capt. "Shorty" Smith and "Jug" Walters were the star batters of the day. Out of four times at bat they managed to grab three hits apiece. Carver, Brown, Corrallo and "Pete" Duhart procured hits. Summing up the hits on both sides, Santa Ana is credited with ten, and the Cardinals' south-paw pitcher, "Old Woman" Warren, only allowed nine for the Indians.

Santa Ana got her first run by Corrallo's walk and then Walters knocked a single and made second on an error at first. This advanced Corrallo to third, and later he stole home, scoring Santa Ana's first run. The seventh inning proved lucky for the "Big Chiefs" by netting them a gain of four runs. The inning started out for the Indians with Lorry getting hit on the shoulder and taking first; i. e. stole second. Castello was thrown out at first Jim singled, bringing Lorry home. Gim went home on White Tree's two base hit over right field. Knabel died out to first, White Tree took third, and went home on Calac's single. Calac stole second and

Motorcycle Club Formed In Anaheim to Make Scheduled Tours Over Orange County Good Roads

—Courtesy of the Orange County Plain Dealer.

The Anaheim Club is the name adopted by a recently formed organization in that city composed of owners and riders of motorcycles, the purpose of which being to arrange for organized trips over the state, taking Anaheim for the starting point.

While a club of this kind had been talked of for some time, nothing definite was ever accomplished until about three weeks ago when, largely through the efforts of M. G. Anlauf,

the Los Angeles street motorcycle dealer in Anaheim, the organization was permanently effected.

The second meeting occurred a week ago, and a trip to Long Beach, the first of the series for the season, was arranged for and took place yesterday according to schedule.

While permanent officers have not been named as yet, the organization has a good substantial membership, and this feature along with a good place for holding the meetings will come up and be provided for at an

AT THE COURTHOUSE

QUIET DAY THIS IN SUPERIOR COURT

St. Patrick's Day Finds Case of Accused Murderer Not Ready for Trial

There were no proceedings in the superior court today, not necessarily because it was St. Patrick's Day, nor in spite of the fact, but because the trial of Francisco Ortiz on the charge of murdering one Hernandez had been set for trial and his attorney secured a stay of proceedings until April 21 next.

Everything was in readiness for proceeding with the trial, the witnesses for the prosecution reporting at the courthouse. They are with few exceptions Spanish-Mexicans. Some of them were in attendance at actual expense to themselves which they did not feel they should be called upon to bear, but there is no provision for their reimbursement.

Assemblyman Murphy of Arizona, is Ortiz's attorney, and in addition to having this honor thrust upon him, Mr. Murphy is also a devout admirer of St. Patrick and the day of his birth. So between his public duties and his private feelings, he is said to be going away from the Arizona legislature and leave it to its fate, not at this particular time Judge West agreed to let him remain there until next month, and then Mr. Ortiz will be either headed toward the hangman's noose or saved therefrom.

CHEVY CHASE CLUB DINNER DANCE FOR THE MISSES WILSON

WASHINGTON, March 17.—The Misses Wilson will be the guests of honor at a dinner at the Chevy Chase club tonight. A few days before his inauguration President Wilson declined honorary membership in the exclusive club, a social obligation recognized by other executives.

The president's daughters, however, are looking forward to the dinner-dance to be enjoyed as one of their first social entertainments. They are to be the guests of Miss Elizabeth Hornaday, who shared a studio with Miss Margaret Wilson in New York. President Wilson is said to have intimated he would like to join the club as a regular paid member.

MILLION DOLLAR'S WORTH OF SUGAR FOR THE NAVY

WASHINGTON, March 17.—Because the man afloat has an irresistible craving for things saccharine, an order just placed by the bureau of supplies of the navy department called for \$1,000,000 worth of sugar.

It will be necessary to duplicate this order in about three months. The price at which the present order was purchased was 42 cents per 100 pounds. Enormous amounts of sugar, candies, cakes and like items are procured every year for the purpose of tickling the discriminating palates of the man-of-war'sman.

HEINZES REUNITED FOR SAKE OF INFANT SON

NEW YORK, March 17.—Fritz Augustus Heinze, the millionaire copper king, and his wife, Mrs. Bernice Golden Heinze, have been reunited through the unconscious efforts of Fritz Augustus Heinze, Jr., aged 15 months. Mrs. Heinze secured an interlocutory decree of divorce from her husband recently.

Mrs. Heinze is at present ill at her apartment here, but her mother, Mrs. Golden, admitted that her daughter and Mr. Heinze have become reconciled. She would not disclose their plans for the future.

RINDGE RANCH CASE TO BE HEARD NEXT THURSDAY

LOS ANGELES, March 17.—Federal Judge McBean on Thursday will hear the government's suit against Mrs. May Rindge, the owner of the famous Malibu ranch. The government seeks to open an alleged private road through the ranch to afford ingress to the government lands lying behind. On account of the mountainous territory it is impossible to build another road. The case affects many homesteaders.

GRAND JURY TO HEAR EVIDENCE AGAINST CONN AND MRS. POPE

SAN FRANCISCO, March 17.—The evidence gathered against Owen Conn, the \$100,000 burglar, and Mrs. Kitty Pope, whom Conn mentioned in his confession to the police, will be placed before the Grand Jury tomorrow night. Conn, who was shot when he was arrested, is reported as improved. Deputy Sheriff Blair has started for Detroit to bring the Pope woman here.

IN THE JUSTICE COURT

FORTY MEXICANS APPEAL FOR WAGES

Employees of Japanese Farm- ing Company Dissatisfied and Go to Court

For a time this morning the court room of Justice of the Peace Cox resembled a recruiting station for the Mexican army or a refugee station, for no less than two score of Spanish-Mexican men had there assembled to demand justice and money; and they were satisfied that if they got the latter they would be able to worry along on a little of the former.

The assemblage came as the result of a decision rendered by the agent of the Japanese agriculturists who are farming many acres of land near Fairview, said lands being in celery, and celery is regarded as an exceptionally valuable crop. It is said that there is money in it, but the forty Mexicans ascertained that they haven't been able to see any of it, and they pleaded with Justice Cox to try his hand at making a collection for them.

It was shown that the Mexicans had been employed in the farming section, and that there is due them sums ranging from \$4 up to \$47.05. They had been assured that they would be paid off last Saturday night, but when that eventful period arrived the agent of the company assured them that he was sorry, but he didn't have the where-withal. There came near being a riot, but hostilities were suspended upon profuse promises being made for a probable settlement yesterday. It took a whole lot of Oriental diplomacy to stop a revolution and get the angry Mexicans to abide in comparative peace until this morning, but the Jap boss got away with it. He even helped as a member of a steering committee that landed the crowd in Justice Cox's court.

With Deputy Sheriff Law officiating as interpreter the facts as outlined were ascertained, and the justice suggested that the Japs should pay up. The agent said he was delayed because the field boss had not O. K'd the claims of the men, but he promised to have this attended to at once, then go to Los Angeles and return with the coin by Wednesday.

"Make good," admonished the court, and there is nothing left for the dissatisfied Mexicans to do but to fret and fume, or dance and play until the time indicated.

Montegro Out on Bail

Vicente Montegro, who with a fellow countryman was arrested several days ago on the charge of stealing two large cans of milk, has been released from the county jail on \$25 bail.

Tumultuous Conduct

On the charge of "tumultuous conduct and disturbing the peace," Anna Hooper was arrested yesterday at Garden Grove and taken to the county jail. She was arrested by Constable J. M. Clark and will be arraigned before Justice Cox this afternoon.

KRUGER RELICS TAKEN UP

THE HAGUE, March 17.—The court of appeal recently considered the appeal made by Hidde Nyland, the defendant in the action brought by Dr. Leyds and the Boer leaders for the restoration of South African relics lent by Mr. Kruger. These relics had been placed by M. Nyland in the South African Museum which he established at Dordrecht. The Dordrecht court found Dr. Leyds' application to be admissible, though rejecting the application of the Boer leaders. The court will give judgment in a few weeks.

YACHTING TIME OFF ORANGE COAST

Newport Beach and Balboa Bay
Scene of Festivities the
Coming Season

NEWPORT BEACH, March 17.—Vice-Commodore and Mrs. Albert T. Soiland entertained thirty-one members of the South Coast Yacht club at the clubhouse at East Newport Saturday night.

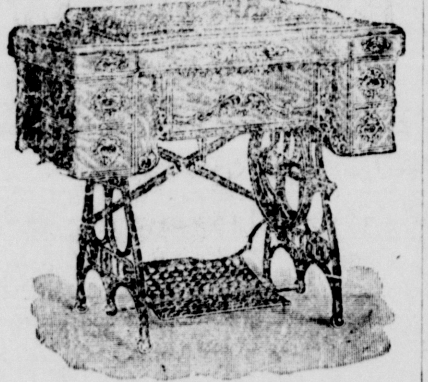

The occasion was the formal opening of Station A of the South Coast Yacht club for the season and it is expected that many happy gatherings will follow this summer.

A seven-course dinner was served to the guests in the spacious clubhouse, after which dancing was indulged in until 1 o'clock in the morning. The dining-room and ballroom was profusely decorated with green in honor of St. Patrick's Day.

H. W. Mellen acted as toastmaster at the banquet and numerous toasts were responded to by the different members, the burden of which was a general wish for the hastening of the development work at the entrance to Newport bay in order that the yachts might find safe anchorage inside instead of being compelled to tie up at the outside buoys whenever Newport Beach is visited. The fact that Sir Thomas Lipton had become a member of the South Coast Yacht club was dwelt on by former Commodore Laubersheimer in his talk and was declared to be the forerunner of much future enthusiasm in the yachting game in Southern California waters.

Those who partook of the hospitality of Vice-Commodore and Mrs. Soiland were Commodore and Mrs. Hubbell, ex-Commodore and Mrs. Laubersheimer, Mr. and Mrs. Harry Wyatt, Mr. and Mrs. E. Seward, Capt. and Mrs. J. Van Valin, Dr. and Mrs. Goodrich, Port Captain Percival, Dr. and Mrs. W. W. Richardson, H. H. Sinclair, chief electrician of the Edison company; Mr. and Mrs. W. W. Wallace, Mr. and Mrs. Lew H. Wallace, Mr. and Mrs. Fred W. Beckwith, Rear Commodore Percy Elsen, Mr. and Mrs. W. S. Wright, Mr. and Mrs. Bickelbach and Miss Pelham, Mr. and Mrs. H. W. Mellen.

Saturday there were motor boat and hydro-aeroplane races.

TEXAS LEADER AS PRODUCER OF CROPS

Crop Yield \$407,160,000 In
1912—Illinois Second,
Iowa Third

WASHINGTON, March 17.—Illinois again yielded to Texas the honor of being premier crop-producing state of the Union; Iowa holds her position as third, while Ohio has lost to Missouri the honor of fourth place, according to announcement from the department of agriculture.

In 1912, Texas produced \$407,160,000 in the twelve crops reported quantitatively by the government—corn, wheat, oats, barley, rye, buckwheat, flaxseed, rice, potatoes, hay, tobacco, and lint cotton. The enormous cotton crop easily gave Texas a big lead over the second largest crop-producing state, Illinois, whose aggregate production was valued at \$289,326,000. Iowa's crop value aggregated \$284,395,000; Missouri's, \$196,968,000, and Ohio's, \$190,718,000. The next five states ranked thus:

Kansas, \$182,363,000; Pennsylvania, \$176,275,000; Minnesota, \$160,615,000; Georgia, \$150,762,000, and North Dakota, \$145,110,000.

The total value of those crops produced during 1912 throughout the country was \$4,695,161,000, compared with \$4,593,338,000 in 1911, and \$4,496,647,000 in 1910.

In addition to the ten leading states, the following produced more than \$100,000,000 in the principal crops: Indiana, New York, Nebraska, Wisconsin, North Carolina, Alabama, Oklahoma, Michigan, Kentucky, South Carolina, Mississippi, Tennessee and California. South Dakota produced \$99,660,000.

LONG BEACH SALT CO. FILLS 2000-TON ORDER

LONG BEACH, March 17.—The Long Beach Salt company, whose works occupy a large area on the inner harbor, is engaged in filling an immense order for Long Beach salt in Everett, Wash., where through its Los Angeles brokers, the company recently disposed of 2000 tons of its product. Of this amount 200 tons were shipped a few days ago.

When the big home-product banquet is held in Los Angeles, March 29, the Long Beach concern will send to the fair 1000 tiny cartons of its product, inscribed: "Don't get fresh. Long Beach Salt company. Fifty million pounds per annum."

\$46,280 COMES FOR COUNTY SCHOOLS

Apportionment of Funds Being
Made by the State of
California

The sum of \$46,280.22 was paid into the Orange county treasury today by the State of California, as this county's share of the money raised by the commonwealth for the maintenance of the public schools.

Of this amount \$7,194.14 is apportioned to the high schools, and the remainder, \$39,086.08, is to be divided among the other county schools in proportion to the enrollment of pupils.

This is the second semi-annual apportionment of school funds, the total amount being divided by the state aggregating \$1,974,614.40. This total is for the elementary schools, the high schools of the state having \$288,173.18 for division.

The apportionment among the Orange county high schools has been made as follows: Santa Ana, \$2,798.94; Orange, \$1330.18; Anaheim, \$1184.31; Fullerton, \$1028.38; Huntington Beach, \$852.33.

Riverside will receive for its elementary schools \$31,975, and for its high schools, nine in number, \$7937.

San Diego will receive \$58,115 for the lower grade schools, and \$9791 for its high schools.

Los Angeles receives \$429,628 for its elementary schools and \$71,118 for its high school counties. San Francisco will receive \$252,651 for elementary schools, and only \$14,351 for high schools.

BALDNESS—WHY IT COMES AND HOW TO AVOID BEING BALD

WASHINGTON, D. C., March 17.—Surgeon J. C. Cobb of the U. S. health service, Chicago, Ill., says that baldness is a habit disease, and that the tight hat band is the principal factor in producing baldness. He condenses his views on the matter as follows: Dandruff does not cause baldness. Baldness is not caused by a germ. Baldness is caused almost solely by the tight hatband.

The finer and thinner the hair, the more care one must give it.

Do not be alarmed when the hair falls out. Brisk massage of the scalp, and pulling the scalp back and forth, vigorously, will stop it.

Wash the hair frequently.

Brush the hair often—the stiffer the brush the better.

Do not have the hair singed.

Do not have the hair cut short, even in summer.

Pull out all the loosened hairs every day, and at the same time pull the scalp back and forth. Pulling the hair strengthens the hair roots.

Avoid bad soaps and special preparations for washing the hair. The best and safest soap is plain castile.

Avoid all hair tonics and hair restorers—they are nearly all pure fakes. Put the money spent for fake dandruff cures and hair restorers on having your head massaged.

And last of all, pad the hat band so it will be soft, and remember to never pull the hat down tight on the head.

Santa Ana Man Is Taken Into
Custody by Authorities
at Stockton

City Marshal Jernigan received word today of the arrest at Stockton of G. W. Robinson, a former resident of Santa Ana, who is charged with issuing and passing worthless checks.

Complaints against Robinson began to be made several days ago, and Constable Jackson secured a warrant for his arrest. Checks drawn on the First National Bank, which proved to be worthless, and said to have been issued by Robinson, were the cause for a general search being instituted. Robinson will be brought here for examination.

Among the alleged victims of Robinson are said to be Harry Vonnell, the shoe man; Vandermast & Son, W. A. Huff and Theodore Lacy.

SANTA BARBARA TO VOTE ON CLOSING OF SALOONS

SANTA BARBARA, March 17.—Whether the licensed saloon is to remain in Santa Barbara is to be decided by a special election which anti-saloon forces say will be called within a few weeks. Last night petitions were circulated in practically all of the city churches and they received many signatures.

The petitions are addressed to the city council, stating that the signers want a special election to vote on four propositions, viz.: The saloon, wholesale houses, hotels and restaurants.

Saloon advocates say that they are confident of defeating the issue, notwithstanding that women can vote. At the last election the saloons won by nearly 300 votes.

GRAY HAIR TURNS ITS NATURAL COLOR AFTER APPLYING SAGE TEA

Mixed With Sulphur It Darkens
Beautifully and Takes Off
Dandruff

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better themselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some

druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. GERMANY ORDERS FLYING BOATS OF U. S. INVENTOR

NEW BRITAIN, Conn., March 17.—So interested is the German government in a new type of flying boat invented by Nels Nelson of this city that it has sent word to the aviator to build two of the machines and ship them abroad at his own price. If the boat lives up to the expectations of its young inventor, it will have a tendency to revolutionize flying.

Nelson, who has had much success in the past two years as an aviator, says the new boat will be able to fly from Hartford to Albany at an altitude of not more than ten feet. The craft can make 50 miles an hour in the water and 65 in the air. It is constructed more for pleasure than for commercial purposes.

SEA GIRL POSTMISTRESS LOSES JOB UNDER WILSON

SEA GIRL, N. J., March 17.—The appointment of Virgil D. Irwin as postmaster at Sea Girl, to succeed Mrs. Mary A. Blakey is a surprise to folks residing here, not the least to Mrs. Blakey herself.

She felt that her tenure of office for seventeen years assured her of the position as long as she was capable. The position involves the handling of the immense amount of mail matter that flows into the governor of the state at the summer encampment of the National Guard.

FAMOUS OLD HOTEL CLOSED AFTER ALMOST A CENTURY OF LIFE

NEW HAVEN, Conn., March 17.—The Tontine Hotel, for years the headquarters for Yale class reunions, has been closed after an existence of nearly a century. It will be demolished to make way for a new \$2,000,000 postoffice.

The hotel contained a ballroom made famous by Governor Buckingham, who led a grand march there at his inaugural. Chauncey M. Depew and other distinguished Yale graduates used to make it their headquarters when here for Yale events.

George White had been proprietor for a quarter of a century.

Former Santa Ana Is Now Located At Phoenix, in Land Business

—Wm. Besser, formerly of Santa Ana, writes that he is now located permanently at Phoenix, Arizona, where he has associated himself with the Arizona Irrigated Land Co. and invites all his old friends of Santa Ana and Orange county to make his office their headquarters when in Phoenix. Mr. Besser writes that he has already purchased a large tract of land himself and sees so many former Santa Ana and Orange county people on the streets of Phoenix that he feels thoroughly at home.—Adv.

BEHIND IN AVIATION

The number of aeroplane shows given at county fairs and cattle shows does not indicate any lack of interest in aviation in this country. But the recent report of Gen. Allen, chief of the army signal corps, shows how behind this country is in military aeronautics.

France not merely has an enormous fleet of about 400 aeroplanes, but its far-reaching plans call for development of a fleet of some 2000 within about three years. Already the regiment of airmen numbers over 2500 men. Germany has some 160 aeroplanes with as many more ordered.

Meanwhile the United States has only a little fleet of 14 biplanes ready to fly, with an equal number of officers trained to handle them. Yet a leading French expert says that two batteries with one aeroplane are five times as efficient as three batteries without any flier.

Military experts declare that many history-making and map-cutting battles were lost through lack of information of the enemy's movements.

The United States, comparatively safe behind its ocean ramparts, does not need anything like the great forces of Europe. But the need of an efficient soldiery of moderate numbers is admitted by everyone, and the army of today, minus aeroplanes, is in as bad shape as a Civil war army was without any scouts.

Some say that the death of two lieutenants and an enlisted man at College Park, Md., last summer, may have chilled aviation enthusiasm among military men in this country. But probably the kind of flying done at aviation meets and county fairs may be much more dangerous than army practice. The exhibition aviator faces a threatening mob, who have paid down their admission fees, trolley fares and given their time to see the fun. With blood in their eyes, they demand ascensions regardless of wind or needed repairs. The aviator probably fears their taunts much more than he would the bullets of a possible foe.

ROGUES AND ROADS

There is very heavy and very constant outlay for the purpose of greasing the wheels of justice so as to protect honest men in their rights and punish rogues for their misdoing. The pay of judges, justices, sheriffs, constables, detectives, policemen, the building of jails and penitentiaries and the occasional enforced muster of soldiery to maintain order and protect life and property rights constitute one of the most serious pulls on the purse of the taxpayer. Under such circumstances it would seem to be altogether proper, if possible, when rogues are caught and caged to make them pay for their keep. As it is more healthy to work than to loaf there is sanitation as well as saving in finding suitable employment for criminals who are able bodied and who have become a charge on the public revenues.

So much granted, to what better use can the muscle of the convict be put than to set him at work in improving the public roadways? A good road is a public beneficence. To build such a road or keep it in repair is of direct or incidental profit and advantage to every member of the community. Labor on the roads does not interfere with labor in the mills or mines or add to or subtract from the wage of labor in any other form of occupation. Why not bring about an industrial intermarriage between the jails and the boulevards? The proposal to put the thirty or forty prisoners in the San Bernardino jail at work to build a fine road through Canyon Pass is a move in the right direction.—Anaheim Plain Dealer.

ORDER TO SHOW CAUSE

In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Helen G. Whitney, A Missing Person.
Upon reading the verified petition of G. A. Whitney, in the above entitled matter and it appearing therefrom that the said Helen G. Whitney was a resident of the County of Orange, State of California; that she disappeared from her home on or about the 4th day of November, 1912; that since that time she has been missing from her home, and her whereabouts has been unknown; that said Helen G. Whitney has an estate consisting of real and personal property in the County of Orange, State of California, requiring the attention and care of some fit and proper person and it is necessary for the protection of the said estate that this Court appoint some person trustee thereof.

It is therefore ordered that the said petition of the said G. A. Whitney be filed and that the same be heard on the 18th day of March, 1913, at the hour of 9:30 o'clock in the forenoon of said day in the Court room, in the Court House, in the City of Santa Ana, County of Orange, State of California, or at such future time as the said hearing may be continued and that all persons interested in said estate appear at such time and place, to show cause if any therefor, why trustee for the said estate be appointed according to law and the prayer of said petition.

In the "Santa Ana Daily Evening Register," a newspaper published and circulated in the County of Orange, State of California, once each week for two consecutive weeks, the said publication therefor to appear three times in said paper, and that said publication at the time of said publication be sufficient notice to those interested in said estate of the time and place of the hearing of said petition.

Done in open court this 3rd day of February, 1913. Z. B. WEST, Judge.

NOTICE OF SALE UNDER DEED OF TRUST

Whereas, The Morton Dairy Company, a corporation, did, on the 6th day of November, 1911, execute and deliver a certain deed of trust to the Abstract and Title Guaranty Company, as trustee, with its principal place of business at Santa Ana, California, as trustee, for the benefit, and as security, as trustees for the benefit, and as security for the payment of certain promissory notes in favor of Santa Ana Jersey Farm, a corporation, which deed of trust was recorded in the office of the County Recorder of the County of Orange, State of California, on the 10th day of November, 1911, in Book 202, page 333 of Deeds, Records of said Orange County.

And Whereas, The notes secured by said deed of trust have been duly assigned by the Santa Ana Jersey Farm to C. C. Ridgway and E. W. Ridgway.

And Whereas, Default has been made by the said Morton Dairy Company in the payment of the principal and interest on the said promissory notes secured by the said deed of trust, and

Whereas, the said C. C. Ridgway and E. W. Ridgway have declared said notes to be in default and have demanded of the said Abstract and Title Guaranty Company that it sell the premises in said deed of trust to satisfy the same, as may be necessary, in order to accomplish the object of said trust after due and legal notice as provided for in the terms of the said deed of trust.

Now, therefore, pursuant to said demand of said C. C. Ridgway and E. W. Ridgway, and in accordance with the terms and under the authority of said deed of trust, the Abstract and Title Guaranty Company, as such Trustee, does hereby give notice that on Tuesday, May 13th, 1913, at 10:00 o'clock a. m., on the said day, at the south door of the Courthouse in said Orange County, California, it will sell at public auction, for cash in gold coin of the United States, all of that certain property in said deed of trust and in this notice hereinafter described, and the parts thereof as may be necessary to accomplish the objects of said deed of trust, and the holders of said notes, their agents or assigns, may bid and purchase. And out of the proceeds of said sale the said Abstract and Title Guaranty Company will deduct the expenses of this trust, including the compensation of said Trustee, and counsel fees in said deed of trust provided, together with all moneys due the said C. C. Ridgway and E. W. Ridgway, and the balance, if any, shall be paid to the said Morton Dairy Company, its successors or assigns.

The property in said deed of trust described and notice of sale of which is hereby given, is described as follows: 1/2, w. 1/2, in the City of Santa Ana, County of Orange, State of California, and described as commencing in the center line of First street at the common corner of Sections Ten (10), Eleven (11), Fourteen (14), and Fifteen (15), Township Five (5) South, Range Ten (10) West, S. E. 1/4, and running thence east along the center line of First street 10.8 feet, more or less, to the line of the land conveyed by D. J. Carpenter and wife to the City of Santa Ana, by deed recorded in Book 24, page 142 of Deeds, Records of Orange County, California, thence South along the West line of said land 122.2 feet, more or less, to the South line of Lot One (1) of the Sepulveda Tract, as shown on a map recorded in Book 21, page 157 of Deeds, Records of Los Angeles County, California, thence West along said line 19.8 feet, more or less, to a line between Sections 14 and 15, Township Five (5) South, Range Ten (10) West, S. E. 1/4, and M. Thence North along said line 122.2 feet, more or less, reserving therefrom the North 35 feet for First street; also the West 25 feet for road purposes.

stately come in solitary grandeur about 4,000 feet in height, facing Crew bay and casting its shadows over the adjoining districts of Aghazow and Westport. The mountain was known in the pagan times as Eagle mountain, but ever since Ireland became a Christian country it has been known as Crough Patrick and is honored as the Holy hill—the Mount Sinai of Ireland.

Religious history tells us that St. Patrick, in obedience to his guardian angel, made this mountain his hallowed place of retreat. In imitation of Jesus he spent forty days on its summit in penance and fasting and other penitential exercises. His only shelter from the fury of the elements was a cave in a solid rock. The flagstone on which he is said to have rested his weary head at night is still to be seen. The demons making Ireland their battleground mustered all their strength to tempt St. Patrick and turn him away, if possible, from his pious purpose. They gathered around the hill, history says, in the forms of furious beasts of prey. So dense were their ranks that they seemed to cover the whole mountain, and St. Patrick could see neither ocean nor sky. St. Patrick besought God to scatter the demons, but for a time it seemed as though his prayers and tears were in vain. At length he rang the sweet sounding bell, symbol of his preaching of the divine truths, threw it among them, and they immediately flung themselves into the ocean.

Birthplace of St. Patrick.
E. A. D'Alton, after making an exhaustive study of Irish history for the Catholic Encyclopedia, declares there is no reason to believe that St. Patrick was not born at Dumbarton, Scotland.

Connell's Gift.
Connell, the first Irish chieftain to become a Christian, made a gift to St. Patrick of a site for a church which to this day retains the name of Donagh Patrick.

EGG WEIGHS THREE AND A HALF OUNCES

The prize egg laying hen resides in Santa Ana. She is the property of George Opp of East Walnut street.

Proof of her henishness's champion procvities is on exhibition in the exhibit room of the Chamber of Commerce.

This proof is in the form of an egg that measures 6 by 8 inches, and weighs exactly 2 1/2 ounces.

This hen has not been named yet, but she certainly takes the blue ribbon as the champion heavyweight layer of Southern California.

WORTHINGTON CASE IN APPELLATE COURT

The case of George Worthington, under thirty days' sentence to imprisonment in the county jail here for not having a license on an auto that he was driving, came to the attention of the appellate court of the second district, sitting in Los Angeles today, when Deputy District Attorney Keop filed the sheriff's return of the writ of habeas corpus upon which Worthington was released. It is probable that the case will be submitted to the court on briefs.

Proverbs of St. Patrick.

Followers of Christ should not be so swift in judgment until they know how true it may be which is written, "Do not desire quickly to be a judge."

Those in authority in the church ought not to have worldly wisdom, but divine examples before them, for it does not become the servants of God to be crafty or cunning.

Judges of the church ought to judge just judgments, for with whatever judgment they shall judge it shall be judged to them.

Judges of the church ought not to respect a person in judgment, "for there is no respect of persons with God."

Pluck of an Irish Prince.

It is related that while engaged in the baptism of royal Prince Aengus, son of the king of Munster, St. Patrick, leaning on his crozier, pierced with its sharp point the prince's foot. Aengus bore the pain unmoved. When St. Patrick, at the close of the ceremony, saw the blood flow and asked why he had remained silent the prince said that he thought it was a part of the ceremony.

He Kidnaped St. Patrick.

ANDRIST MUSICALS

Students Successfully Presented on Saturday Afternoon at C. C. Reed Home

A very pretty musicale was held Saturday afternoon at the beautiful residence of Mr. and Mrs. C. C. Reed on South Birch street by the piano students of Madam G. F. Andrist of the Andrist Academy of Music.

The large parlors were bright with spring flowers, and a happy crowd gathered at 2 o'clock. These meetings are very popular among the young folks and the children look forward to them with great delight. An excellent program was given by both beginners and advanced students. Every number was received with enthusiastic applause by the audience, especially the rendition of the piano solo of Beethoven's "Sonata Pathétique" by Anna Chumli, who showed artistic skill and appreciation of the composer's ideas; Verdi's "Il Trovatore," beautifully played by Myrtle Law; Bohm's "La Lingana," effectively by Bertha Miller; Leybach's "Fifth Nocturne," Jane Schach; "Sweet Bye and Bye" with variations, Esther Squires. A fine arrangement of "Rock of Ages" with variations by Donna Horton was greatly enjoyed as was the piano duet of the Comedy Overture (Kola Beldar) by Myrtle Law and Bertha Miller.

Other students taking part in the program were as follows: Catherine Jasper, Rosie Hoefler, Ruth Boose, Viola Le Bard, Alice Hadrik, Emma Giesler, Mary Mueller, Velda Lamb, Charles Read, Russell Johnson, Harold Beckman, Clarence Hoefler.

After the program delicious refreshments were served by Mrs. Reed and a social hour enjoyed. Those assisting in serving were Misses Irene Bever and Eleanor Steuron.

Charmingly Entertained

The "Jolly Good Neighbors" of South Birch street were charmingly entertained Saturday evening at the home of Mr. and Mrs. Walter Neill. Progressive whist was the game of the evening, and the pleasure was much enhanced by guitar, violin and piano music. The pretty shamrock leaf score cards were appropriate to St. Patrick's day and also the small Irish flags presented to each guest on arriving.

The ladies' prize, a pretty landscape picture, was captured by Mrs. Blake, and the gentlemen's prize, also a pretty picture, was awarded to Mr. C. H. Stanley.

The dainty refreshments carried out the color scheme of the evening. Mrs. Ned Blake won the prize of an appropriate guessing contest in which the answers contained "something green."

Mrs. Neill was charmingly assisted by her daughter-in-law, Mrs. Chas. Williamson.

St. Patrick's Affair

The Helping Hand Society of the first Baptist church will hold its next calendar social in the church parlors, on the evening of March 18. It is to be a St. Patrick's affair and all members of the church and congregation are invited in the following poetical lines:

"Come to the church, dear friends, at eight.
Faith, mind ye now, and don't be late!
Be your name Bridget, be it Pat,
Or be it something else than that—
It makes no matter, not at all.
We've names for all, both big and small."

HOSTESSES AT DANCE

Charming Young Women Gave Dancing Party at Moose Hall—Organize Club

A select social and dance was given Saturday evening at Moose hall by a number of charming young ladies of Santa Ana. Most enjoyable was this event and everybody had so delightful a time that it was decided not to let this be the last one of the kind. Accordingly during intermission a club was organized and christened as the El Novor Club. A social will be given each month, the next one to be on April 12. Many pleasant events are being planned for the summer by the club including several dances to be given at the beaches. No officers were elected, that matter being deferred till the next social.

Music was furnished for Saturday evening's affair by Sidi from Los Angeles. Refreshments were served by the hostesses.

Mrs. S. Fluor, Mrs. Billy Kenpan, Mrs. F. Miller and Mrs. Olive Lopez chaperoned the party. Others present were Miss Lela Powers, Miss Ruth Collins, Miss Winnie Andrews, Miss Elwin Collins, Miss Lucy Stephens, Miss Alice Robinson, Miss Grace White, Miss Hattie Powers, Miss Irene Edwards, Miss Helen Crose, Miss Hester Robinson, Miss Esther Fluor, Messrs. Billy Bridwell, R. B. Whitney, D. Andrews, W. C. Collins, V. E. Pecanham, J. H. Fowler, Gerald Chamis, Bob Munger, James Smart, Leslie Mitchell, Ed Benedict, Harold Scott.

FORMER WIFE AND HUSBAND REMARRY

"This will be a St. Patrick's Day that I believe neither of us will ever forget, and will always have reason to remember with pleasure," remarked Frederick Hockerston after he had been a participant in a wedding ceremony celebrated by Justice of the Peace Landell in County Clerk Williams' office this afternoon. The groom explained that he and his bride, who gave the marriage license clerk her name as Marguerite Hockerston, had once before been married, but had been divorced, and now were remarrying because they found they were more deeply in love with each other than they had before understood.

They left the office with the good wishes of all the officials. Mr. Hockerston gave his age as 46 years, and Mrs. Hockerston confessed to 42.

DREADFUL ACCIDENT AVERTED—A dreadful accident was narrowly averted Saturday evening when an automobile driven by an unknown party almost ran down a bicycle ridden by Carl Franklin of this city.

The auto was going north at a pretty fast clip when the bicycle rider started to cross Main street. The man on the wheel saw the danger first and putting on the brake stopped just as the auto whizzed by, the hub fairly grazing the front wheel of the bike.

The rider of the wheel attributes his fortunate escape from injury to the efficiency of the little brake with the big grip—the Muselman Coaster Brake, with which his Racycle wheel was equipped. He is loud in his praises of the brake.

Racycle bicycles similarly equipped are on sale at the Racycle Shop, 217 West Fourth street, Russ Coleman, proprietor.

Kills Wildcat On the Road To Laguna

The hide of a 25-pound wildcat is hanging in the backyard of J. H. Metzgar's residence as material proof of his unerring skill with a revolver.

On the road to Laguna Beach Saturday afternoon in his auto, Mr. Metzgar caught sight of the animal near the roadside, at a point about five miles this side of the lakes. Stopping his machine he secured his revolver and a moment later the wildcat had a leaden bullet in its head.

The animal was in a crouching position when struck, and it is supposed that it believed itself unseen. Mr. Metzgar is having the hide mounted.

PRESBYTERIAL TO OPEN TOMORROW

The twenty-fifth annual convention of the Woman's Presbyterian of the Los Angeles Presbytery opens here tomorrow afternoon at 2 p. m. in the United Presbyterian church, and will continue through Wednesday and Wednesday evening.

The speakers include Dr. J. C. Pinkerton, First Presbyterian church of Los Angeles; Rev. Enrico Revore of Los Angeles who will talk on "Our Italian Brother;" Mrs. Alice Reed McClure who talks tomorrow evening on her experiences abroad, being a returned missionary from India; Mrs. T. J. C. Webster, wife of a former local pastor preaching here 20 years ago.

Mrs. Webster will talk tomorrow afternoon on "An Afternoon with the Past," reviving reminiscences of former days in Santa Ana.

Mrs. Van Meter on Wednesday evening will talk on "Mormonism."

DEFALTER BAKER ILL WITH ERYSIPELAS, SAYS FAMILY

OAKLAND, March 17.—Members of his family flatly denied the published reports that Charles F. Baker, the defuncting assistant cashier of the Crocker National Bank in San Francisco, had committed suicide. Baker is ill with erysipelas. His family says he probably will be able to appear before Federal Commissioner Krull on Wednesday. According to the bank officials, Baker is short \$200,000.

D.A.R. PLANS \$1,000,000 HOTEL IN CHICAGO FOR WORK-GIRLS

CHICAGO, March 17.—Details of a million-dollar hotel planned by the local chapter of the Daughters of the American Revolution for Chicago working girls were recently made public.

About 1500 women will be accommodated. A roof garden, gymnasium and swimming pool, evening study classes, vocational training and low prices are among the features of the plan.

An honor system will be observed, which means the guests will not be under surveillance.

COTTON IMPORTS GROW
MANCHESTER, Eng., March 17.—The arrivals of cotton from the various American cotton ports since Sept. 1, 1912, amount to 354,962 bales, compared with 341,829 bales during the corresponding period the season before. With regard to Egyptian cotton, the figures are 159,182 bales and 142,450 bales respectively.

CHEAP TIMBER FROM UNCLE SAM

National Government Assisting
Settlers and Farmers in
Home Building

WASHINGTON, March 17.—Timber from the national forests in this state is now sold to homestead settlers and farmers for their domestic use at cost. This is in compliance with a recent act of congress which authorizes the forest service to make sales of this character at a cost to the government of the time of the forest rangers making the sales.

The regulation provides that a rate shall be established at the beginning of each fiscal year, July 1, based on the cost of making the sales for the previous year. The current rate for California has been established at 50 cents per thousand feet for timber and 25 cents per cord for firewood.

This cheap rate is enjoyed by settlers in addition to the "free use" privilege. Those entitled to "free use" may secure free of charge, each year, timber or wood to the value of \$20, as in the past. Each year the forest service grants free permits in California for approximately 8,000,000 feet of timber, valued at \$14,000. The rangers' time in attending to these permits amounts to \$7,000 more, for which the government receives no return.

It is expected that in the future a large number of small sales under the new ruling will be made of cordwood, fence posts and building material.

PATRONS OF CITY WATER INCREASING

Santa Anans are becoming more thirsty or else they are becoming more numerous. This assertion is based upon the fact that daily the number of applications for connections with the municipal water pipes are becoming more numerous.

Here is the ratio of increase as shown by the official records of the department: Number of new taps, or connections, made in January, 11; in February, 15; and to date for this month, 18.

Superintendent Reid charges the increase to the city's constantly enlarging population. He is certain that St. Patrick's Day has nothing whatever to do with the case.

The official records also show that Santa Ana now has 3300 connections to the city's water supply.

Many small ranches secured under the forest homestead act are now being improved, and the new procedure which gives the settler all the timber which he desires at a nominal rate will undoubtedly give decided impetus to the development of small mountain farms in California.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxative or liver pills for biliousness or constipation.

This bill will have many Diapepsin cranks, as some people will call them, but you will be cranks about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.—Advertisement.

FULLERTON KEEPING IMPROVEMENTS UP

FULLERTON, March 17.—The city trustees have sold sewer bonds of the amount of \$26,400 to the Farmers & Merchants National bank of Fullerton at par. The bonds bear interest at the rate of 7 per cent.

A contract has been signed with Mr. Osborn of Fresno for grading nine miles of highway.

The city committee which had been appointed to appraise the plant of the Fullerton Domestic Water company made its report, placing a valuation of \$17,000 on the property. The company has offered to sell the plant to the city for \$15,000, but at a mass meeting held in Bank hall last week a motion was made and carried that the city pay no more than \$7500 for the plant. It is reported that a petition may be circulated asking the city to take the plant over at \$11,000.

Work has been started on the construction of a garage building on South Spadra street to be occupied by Albert Sitton. The building will be 50x130 feet. George P. Key is the owner of the property and has arranged with the Sitton garage for a long lease of the building.

NOBLEST SCIENCE BEST INSTRUCTION

Pastor Russell in a College City
Advocates Bible as Text Book.

The Value of Learning—Its Cost—Various Kinds of Knowledge—The Most Important One the Best Teacher—The Most Successful Pupils.

(PASTOR RUSSELL)

Ithaca, N. Y., March 16.—Pastor Russell is here; and in view of this being the seat of Cornell University he took as a text the words of the philosopher: "Wisdom from Above the noblest science, the best instruction." It must be said, however, that the Pastor used various Scriptures, any one of which might have served for a text.

Once the colleges represented, not merely secular education, but the religious sentiment of their founders, usually religious men. Today, however, colleges are ashamed to acknowledge any religious affiliations; and although they represent high moral principles, nevertheless, they are hotbeds of infidelity—disbelief in the Bible as the Divinely inspired Revelation. This condition is deplorable.

In the Pastor's opinion the great institutions of learning, so well equipped for the inculcation of faith in God, are doing more to overthrow faith than are all other influences combined. The increase of knowledge he believed to be accountable for the increase of vice. He explained that the undermining of faith in the Bible as the Word of God and the inculcation of the Evolution theory tend to destroy all faith in a personal God and in rewards and punishments from Him. One of the most peculiar things was that very wealthy men have richly endowed leading colleges, thereby destroying faith and an intentionally leading mankind to social revolution, to the precipice of anarchy.

Sympathy For Higher Critics. Nothing in the Pastor's words indicated condemnation; on the contrary, he manifested a deep sympathy for those entangled in the snares of Occultism and Evolution. He had been entangled once himself, he said, but had gotten free. Had he gone so far as to doubt the existence of God, he believed that he would have been as lost in Evolution as are many of the noble men occupying college chairs.

The Pastor believes the difficulty is that many cannot accept the Bible as the inspired Record. So also he had once rejected it; for he had thought it to be in harmony with the absurd creeds of the Dark Ages. Now he is a most firm believer in the inspiration of the Bible. One of the surprising things his Bible study has revealed is that the Bible supports none of the creeds; and that none of the creeds or sects use all of the Bible. Each sect has selected doctrines from the Word of God, and uses these in its own defense. But each finds these teachings which do not fit in with its creed.

Evidently none of the sects manufactured the Bible. Had the Calvinists done so, they would have omitted texts teaching Free Grace. Arminians would have omitted Election. Catholics would have added something to teach the immaculate conception, indulgences, high and low mass, holy water, holy candles, apostolic succession, etc. All would have put in texts telling about the Trinity.

All would have omitted texts teaching that the dead are asleep, to awaken in the resurrection morning. Indeed, it is most difficult for them to explain how there can be a resurrection, if those who seem to die are really more alive than ever. Evidently the Bible was not made by man.

My prayer and effort is that thinking Christians may see that this wonderful Book, while out of harmony with the creeds, is fully in harmony with itself. The great Plan of salvation which the Bible sets forth towers far above all the efforts of puny men represented in the creeds of Christendom. The Bible Message could not have come from elsewhere than Above.

Learning's True Value and Cost.

Learning along all lines of present day instruction is surely valuable. The applied sciences are doing much for the world. But while very important and helpful to human progress, these alone are not sufficient. The human mind must have a theory respecting its future destiny and the object of its present existence. The searcher for knowledge along these lines is usually referred to Plato and Socrates. None seem to think of progress in mental philosophy beyond these giants of the past. Yet, if the Evolution theory be true, these men were much nearer the monkey state than we are today.

The Pastor sought to impress the propriety of beginning Bible study afresh, ignoring the creeds of the Dark Ages, and permitting the old Book to explain itself. He pointed out, however, that the Bible specifically declares that without the Holy Spirit it cannot be fully and clearly understood. Those who consecrate their lives to God and thus enter the School of Christ will be taught of Him.

He believes that unless the highest organs of the human brain—those pertaining to religion and morality—be cultivated, the student is poorly prepared to withstand the storms of life.

TWO YOUNG MEN ARE HURT IN ACCIDENT

Motorcycle and Automobile In
Head-On Collision Close
to City Hall

SMALL MACHINE IS SOMEWHAT WRECKED

Ridley Smith and Charles D.
Swanner Victims of the
Unexpected Meeting

A head-on collision between a motor
cycle and automobile at the southeast
corner of Main and Third streets yester-
day afternoon, resulted in painful
but not serious injuries to two young
men, and the partial destruction of
the first named machine.

The injured were Charles D. Swanner
and Ridley Smith. The former is
the son of John Swanner of the firm of
Swanner & Anderson, produce dealers
on East Fourth street, and Smith
is the son of John R. Smith of 1808
North Main street.

Smith had one ear almost severed
from his head, it being cut in two
places; and he was also badly shaken
up and sustained a deep laceration on his
forehead.

Swanner had a close call from
death, but escaped with comparatively
light injuries. His left knee was
cut and he was badly bruised all over
his body. He was caught between the
motorcycle and the auto and for a few
moments it was feared that he might
have been injured internally.

Swanner and Smith were riding on
the motorcycle and were going west

The Register Free Until April First

Until April first we will serve
the Register free to all who sub-
scribe between now and that date.
That is, all subscriptions re-
ceived between now and April
first will be served at once, but
entered as starting on April 1st.
All persons receiving the Reg-
ister without having ordered it
will please understand that it is
sent, with the compliments of the
publishers, that they may read it
and thus be enabled to decide
whether they wish to subscribe.
In other words we are merely
offering a sample of the goods we
have for sale. We believe the
Register is at least as good a
newspaper as any other newspa-
per published anywhere in a field
like Santa Ana and Orange coun-
ty.

Telephone your subscription to
the Register office, Sunset 4, Home
409, and we will serve you regu-
larly. On May first we will send
you a bill for 50c and you can
then decide whether you would
prefer to pay by the year in ad-
vance, \$5, or by the month at 50c.

On Third street, and reached the cor-
ner of Main just as L. R. May, the
real estate operator, came along Main
street and turned at the city hall cor-
ner to go east on Third street. Both
machines were going at a fair rate of
speed, and they met so unexpectedly
that it was impossible for either May
or Swanner to avoid the collision.
Smith was riding on the rear seat of
the motorcycle.

The auto was somewhat scratched
up but the motorcycle was badly
wrecked. The front wheel was smash-
ed, the gasoline tank demolished and
the windshield smashed to smith-
ereens. Mr. May directed that it be
taken away and repaired at his ex-
pense. The Santa Ana Transfer com-
pany took the order.

Dr. Wehrly claimed to be passing at
the time of the accident and he gave
Swanner and Smith his immediate at-
tention. After their wounds had been
dressed they were sent to their homes.
The accident proved the sad ending
of a day of pleasure, as both young
men had come down from Los Angeles
to spend the day with their parents.
Mr. Swanner is a student in a Los
Angeles law school and Mr. Smith is
one of the employees of Hamburger's
department store.

APRICOTS IN GOOD BLOOM

A sight worth showing to visiting
strangers for the next two or three
weeks will be the apricot orchards of
Orange county. Those of the Tustin
district appear to be earlier this year
than some others. The bloom is
very profuse and vigorous. The bloss-
oms drip with nectar and exude
strong fragrance, making them attrac-
tive to the honey bees. These busy
little workers are a great aid to the
growers in cross pollinating the bloss-
oms and insuring a good setting of
fruit. Fortunately the grower who
has a few stands in his orchard. If
fair weather continues the promise of
a good crop will be made good, and
the orchardist will need to look
around for preps to keep his trees
from breaking and also to begin the
process of thinning quite early. The
manner of thinning this year ap-
pears well for a better quality of fruit
than that of last year. Growers will
recall that there were about a half
grows well for a better quality of fruit
spread over a period of two months,
and the later fruit was of poor qual-
ity.

Best Known Cough Remedy

For forty-three years Dr. King's New
Discovery has been known throughout
the world as the most reliable cough
remedy. Over three million bottles were
used last year. Isn't this proof? It will
rid you of your cough, or we will refund
your money. J. J. Owens, of Alhambra,
S. C., writes the way hundreds of others
have done. "After twenty years, I find
that Dr. King's New Discovery is the
best remedy for coughs and colds that
I have ever used." For coughs or colds
and all throat and lung troubles, it has
no equal. 50c and \$1.00 at all druggists.

MICHIGAN FOLKS HAVE JOYOUS OUTING

Great Gathering at Eastlake
Park Attended by Many
Santa Anans

BIG HOME GOING AFFAIR IS PLANNED

Wolverines in This Section Are
Interested in Big Trip to
the Old Home

Most enjoyable proved the outing
and picnic of the former residents of
Michigan, who are now either visiting
or making their homes in Southern
California, which was held last Satur-
day at Eastlake Park, Los Angeles. A
large number of Santa Anans who
proudly swear allegiance to the Wol-
verine state, were among those who
participated in the pleasures of the
affair. Among those who went from
here were Mr. and Mrs. W. H. Knight,
Mr. and Mrs. C. P. Rice, F. Van Gar-
den, Mr. and Mrs. W. H. Bates, Mr.
and Mrs. F. J. Haynes, Lydia Barrett,
Emeline Holt, Edna B. Barrett, James
L. Barrett, Mr. and Mrs. E. E. Cooley,
Mrs. M. Cowan, Mr. and Mrs. J. W.
Winslow, Mrs. E. E. Gish, Miss Eliza-
beth Shappe, Mr. and Mrs. E. Sev-
erance, Miss Evelyn Severance, and
Mr. and Mrs. L. W. Bee, Mrs. H. Cow-
an.

The picnicers were entertained
with music from the Ingleside G. A.
R. drum corps, and a program of
speeches from prominent members of
the society, including O. W. Blain,
president; C. H. Parsons, secretary of
the federation; Rufus Beale, Michi-
gan state senator, and Mrs. Harriet
Hendee, secretary of Michigan society
of Oregon.

Mr. Parsons spoke of the new home
of the federation at 357 West Seventh
street, where headquarters will be
established today, the first dinner be-
ing held Tuesday after the board meet-
ing, to be served by women members
of the board.

Mrs. Hendee gave details of the
Michigan homegoing excursion plan-
ned to leave Los Angeles via the Salt
Lake line June 27.

Members of the reception commit-
tee included A. S. Gale, T. H. Ballin-
ger, C. C. Brown, E. S. Palmeter and
S. Young.

Officers elected for the coming year
were Samuel Young of Los Angeles,
president; C. C. Brown of Pasadena,
vice president; Mrs. Clara Middleton
of Long Beach, second vice president;
T. L. O'Brien of Los Angeles, secre-
tary and treasurer.

Plan Home Going
A "Michigan Home Going Trip" is
being planned by the Los Angeles so-
ciety, to leave Los Angeles via the
Salt Lake line, June 27th, arrive at
Salt Lake, June 29th, a. m., to be met
by the Michigan societies of Oregon
and Washington and be entertained
by the mayor and commercial bodies
together with Michigan people, with an
organ recital and chorus of their
400 voice choir.

Leave Salt Lake via Denver & Rio
Grande at 2 p. m. for Denver, arrive at
Denver 4 p. m. to be entertained by
the mayor and commercial bodies, also
Michigan people by a banquet. Leave
at 9:30 p. m. via Union Pacific, to
Omaha, arrive at 2 p. m. to be en-
tertained by auto trip around the city.
Leave Omaha via C. & N. W. at 9 p. m.
for Chicago, arriving at 8 a. m. Leave
Chicago via Michigan Central for De-
troit to be met by Michigan people
from all over the state.

Hold big reunion of Michigan peo-
ple at Belle Isle July 4th, then scatter
to our various points.

Train will be made up of the finest
equipment that can be procured. Will
be decorated in Michigan colors (light
blue and gold) will carry a rear end
electric light with inscription in large
letters "Michigan Society of Califor-
nia," pianola pianos will be installed
in the observation cars, entertainment
car with moving pictures will be car-
ried. Access to baggage car can be
made at any stop. At all stopovers
train will be sidetracked and used as
our home till we move on so there
will be no hotel bill; meals will be
furnished in dining cars at reduced rates.
Booklets will be gotten out with itine-
rary and personnel of the trip and pre-
sented to each passenger. Badges will
be furnished to each one that are com-
memorative of the occasion with place
to write your name and home
own in Michigan thus always intro-
ducing yourself.

The side trips and entertainment all
along are given with your ticket and
would cost any other time over \$35.00.
This will be a real live ad for the
coast, for although we are all loyal to
our home state, are also loyal to our
adopted western home. Itineraries
will be gotten out and mailed to any
address giving trip in detail. Limit
of tickets Oct. 31st, returning over any
other route with stopover privileges.
Any information gladly given, apply to
Mrs. Harriet Hendee, 566 Lexington
Ave., Portland, Oregon, who has
charge of the arrangements, or Mr.
P. H. Rothwell, 516 Grosse Bldg.,
Chairman Transportation Committee,
or Mr. O. W. Blaine, 548 Detroit St.,
State President, J. W. Wetmore, pre-
sident of the local society, Mrs. I. C.

The "Fruit World," in its review of
the citrus situation, says:
"The market on navel continues
to improve and prices being received
are satisfactory."

"From prices realized in some of
the Eastern auction markets it will
be noted that those markets are re-
ceiving some of the high-class fruit
now going forward which heretofore
has been marketed in the interior or
private sale markets of the West.
Up to \$4.75 average was realized in
the Boston market on navels from
the Glendora district this week, while
the New York market paid \$4 aver-
age for best stock from the Duarte-
Almonrovia district. The poor stock is
being rapidly cleaned up, although
some stock has sold around the dollar
mark the past week in many of
the auction markets. Considerable
fruit, which was more or less dam-
aged in transit by unfavorable
weather conditions, has been show-
ing up from time to time, and the
fruit has sold at a very low figure."

"On the whole the orange market
is in very good shape. With the poor
stock rapidly cleaning up and the
fact that the fruit now going forward
consists of good marketable fruit, a
continued improvement in the situa-
tion is looked for."

"The reports coming in from the
orange districts are greatly encourag-
ing for a good orange crop next
season. Growers almost invariably
state that the bloom buds are now
swelling and the indications are that
most of the trees will put out a lib-
eral quantity of bloom. This indi-
cates that there will be a good crop."
"In the Redlands section, accord-
ing to good authorities, the trees are
putting out a surprising quantity of
bloom, while in Highland the situa-
tion is even better and in Rialto the
outlook is that there will be a big
crop, as the damage to the trees was
small and they are going to bloom
heavily. This same condition pre-
vails in most districts and all grow-
ers are hopeful that conditions will
continue to improve as rapidly as at
present."

"The lemon market shows no spe-
cial change over a week ago. At the
prevailing high prices buyers are not
inclined to take hold of the fruit
inclined at this time. Best stock is
bringing around \$6.50 to \$7 per box
delivered."

"Contrary to the report that the
entire lemon crop had been destroy-
ed and that there would be scarcely
any crop next season, it was reported
at the packing house of the San
Dimitas Lemon Association this week
that the association is now shipping
an average of a carload of lemons a
day, with about thirty-five cars still
to be shipped this season."

"After a careful study of the groves

it is now stated positively that there
will be at least half a crop of lem-
ons next season. A further and de-
tailed study of the trees shows that
they were not damaged anywhere
near the extent that was first re-
ported. In fact, there are only rare in-
stances where mature trees were se-
riously affected. What damage there
is is confined almost entirely to the
young trees, but these also were
found to be in better condition than
was believed possible considering
the earlier conditions. It was not
found necessary to cut the trees back
to any extent and the growers in gen-
eral are elated over the outlook."

LOS ANGELES PRODUCE MARKET

With the exception of a decline of
½ cent in the price of local ranch
eggs, prices remained practically un-
changed yesterday. Butter and
cheese were steady.

Asparagus is steadily cheaper and
prices will soon settle at the normal
basis of about 8 cents a pound. A
few shipments of peas and beans lend
some variety to the vegetable market.
Tomatoes remain firm at high prices.
Practically none are coming in. Ho-
thouse cucumbers are in fair demand.
Potatoes and onions continue at
about the same easy figures as usual.
Trading in citrus fruits continues
limited. Apples are still the leading
attraction among the fruits, and
prices have shown practically no im-
portant changes for some time.
Bananas are cheap. A few scattered
shipments of loquats are received.
Pineapples remain scarce.

Reported receipts were: Eggs, 540
cases; butter, 38,020 pounds; cheese,
630 pounds; potatoes, 2745 sacks;
onions, 350 sacks; sweet potatoes, 35
sacks; apples, 643 boxes.
EGGS—Ranch, candled, 24½; fresh
ranch, case count, buying price, 21½;
Petaluma-Santa Rosa extras, 20@21;
northern case-count, 16@19.
BUTTER—Buying prices: Cream-
ery extras, 38 per lb.; creamery
